I understand Jewel Heart also reserves the right to ask anyone not following these policies and procedures to leave immediately and I agree to this.
6. Assumption of Risk: I understand Jewel Heart is relying on the good faith of attendees regarding the confirmations/certifications given in this Form and I assume all risk of getting sick with Covid-19 and the ramifications, up to and possibly including death, in attending Jewel Heart programs on site. I am attending the Program voluntarily fully aware of and at my own risk.

For the safety of Demo Rinpoche, the attendees and Jewel Heart, these policies and procedures were developed in consultation with Demo Rinpoche, a committee in Ann Arbor (including three nurses who are members of Jewel Heart and continue to review the policies and procedures), staff and the executive directors. The Board also had input into and reviewed the policies and procedures to partially re-open when we first re-opened for summer retreat.

As well as implementing the new policies for this partial re-opening, Jewel Heart has taken a number of additional precautions. Among other things we are cleaning more often, have upgraded air filters, added room air purifiers, and will limit access in the building during teaching to the shrine room, bathrooms and store (store by appointment only). Office doors will have signs on them directing attendees to call Staff with any needs. Doors and windows that can be open will be kept open.

Please understand that Jewel Heart is carefully observing the changing circumstances of Covid-19.

Please also be aware staff and Demo Rinpoche and the Board will be subject to the same policies and procedures in person attendees are subject to.
